LIST OF PAPERS

No.

1. Notes on Indian Birds, III. Birds from Assam. S. Dillon Ripley. March, 1950.
2. Rare Migration and Wintering Records from the Yucatán Peninsula. Raymond A. Paynter, Jr. March, 1950.
3. A Small Collection of Birds from Argentine Tierra Del Fuego. S. Dillon Ripley. April, 1950.
4. A New Tanager from Mexico. Raymond A. Paynter, Jr. May, 1950.
5. A Large Pycnodont from the Niobrara Chalk. Joseph T. Gregory. December, 1950.
6. Notes on Indian Birds, IV. Some Recently Collected Birds from Assam. S. Dillon Ripley. February, 1951.
7. New Passerine Birds from the Indo-Chinese Subregion. H. G. Deignan. May, 1951.
8. *Bassariscus* in Miocene Faunas and "*Potamotherium Lycopotamicum* Cope." Joseph T. Gregory and Theodore Downs. May, 1951.
9. Birds Collected and Noted Round Dhahran, Saudi Arabia, and Bahrein Island. S. Dillon Ripley. May, 1951.
10. Three Birds from the Mountains of Muscat. S. Dillon Ripley. November, 1951.
11. Geographical Variation in *Garrulax Sannio* Swinhoe. H. G. Deignan. March, 1952.
12. A New Genus of Thrush from Eastern Africa. S. Dillon Ripley. April, 1952.
13. The Thrushes. S. Dillon Ripley. September, 1952.
14. A New Race of Black-Throated Babbler from Assam. S. Dillon Ripley. December, 1952.
15. *Typothorax* Scutes from Germany. Joseph T. Gregory. May, 1953.
16. *Typothorax* and *Desmatosuchus*. Joseph T. Gregory. June, 1953.
17. Notes on Indian Birds, V. S. Dillon Ripley. December, 1953.
18. Three New Birds from the Yucatán Peninsula. Raymond A. Paynter, Jr. March, 1954.
19. Birds from Gough Island. S. Dillon Ripley. July, 1954.

No.

20. Notes on Indian Birds, VI. Additional Comments on the Wren-Babbler, *Spelaeornis*. S. Dillon Ripley. July, 1954.
21. A New Fruit Pigeon from the Philippines. S. Dillon Ripley and D. S. Rabor. February, 1955.
22. Additions to the Ornithogeography of the Yucatán Peninsula. Raymond A. Paynter, Jr. April, 1955.
23. A New White-Throated Spinetail from Western Brazil. S. Dillon Ripley. October, 1955.
24. A Thresher Shark from Long Island Sound. James E. Morrow. December, 1955.
25. Avifauna of the Jorullo Region, Michoacán, Mexico. Raymond A. Paynter, Jr. March, 1956.
26. Cuban Bird Notes. S. Dillon Ripley and George E. Watson, 3rd. May, 1956.
27. Meteorites in the Collections of Yale University. Kurt Servos. September, 1956.
28. The Species of *Notharctus* from the Middle Eocene. Peter Robinson. January, 1957.
29. A Redefinition of the Subspecies of *Fodiator Acutus*. James E. Morrow. February, 1957.
30. Notes on the Horned Coot, *Fulica Cornuta Bonaparte*. S. Dillon Ripley. February, 1957.
31. New Birds from the Western Papuan Islands. S. Dillon Ripley. March, 1957.
32. Additional Notes on the Horned Coot, *Fulica Cornuta Bonaparte*. S. Dillon Ripley. June, 1957.
33. On a New Species of *Anisops* (Hemiptera, Notonectidae) from the Moluccas. G. E. Hutchinson. November, 1957.
34. Notes on an Additional Example of the Fruit Bat, *Scotonycteris Ophiodon* Pohle. Alvin Novick. March, 1958.
35. Notes on Indian Birds, VII. S. Dillon Ripley. April, 1958.
36. On the Doubtful Validity of *Tachypleus Hoeveni* Pocock, an Indonesian Horseshoe Crab (Xiphosura). Talbot H. Waterman. June, 1958.
37. A Note on the Firethroat and the Blackthroated Robin. S. Dillon Ripley. September, 1958.
38. Comments on Birds from the Western Papuan Islands. S. Dillon Ripley. April, 1959.

No.

39. On *Makaira Nigricans* of Lacépède. James E. Morrow, Jr. May, 1959.
40. A New Species of *Grammatostomias* (Family Melanostomiatidae) from the Western North Atlantic. James E. Morrow, Jr. May, 1959.
41. Birds from Djailolo, Halmahera. S. Dillon Ripley. September, 1959.
42. Character Displacement in Indian Nuthatches (*Sitta*). S. Dillon Ripley. December, 1959.
43. Two New Birds from Angola. S. Dillon Ripley. January, 1960.
44. *Sinopa* from the Cuchara Formation of Colorado. Peter Robinson. February, 1960.
45. Notes on the Embryology and Evolution of the Megapodes (Aves: Galliformes). George A. Clark, Jr. February, 1960.
46. Fossil Amphibians from Quarry Nine. Max K. Hecht and Richard Estes. June, 1960.
47. Additions to the Avifauna of Northern Angola, I. S. Dillon Ripley and Gerd H. Heinrich. July, 1960.
48. Rodents and Lagomorphs from the Miocene Fort Logan and Deep River Formations of Montana. Craig C. Black. January, 1961.
49. Results of Research in the Antofagasta Ranges of Chile and Bolivia. Luis E. Peña and Ruth Patrick. June, 1961.
50. The Avifauna of Mount Katanglad. S. Dillon Ripley and D. S. Rabor. June, 1961.

AUTHOR INDEX

Black, Craig C., *48*
Clark, George A., Jr., *45*
Deignan, H. G. *7*, *11*
Downs, Theodore and Joseph T. Gregory, *8*
Estes, Richard and Max K. Hecht, *46*
Gregory, Joseph T., *5*, *15*, *16*
Gregory, Joseph T. and Theodore Downs, *8*
Hecht, Max K. and Richard Estes, *46*
Heinrich, Gerd H. and S. Dillon Ripley, *47*
Hutchinson, G. E., *33*
Morrow, James E., Jr., *24*, *29*, *39*, *40*
Novick, Alvin, *34*
Patrick, Ruth and Luis E. Peña, *49*
Paynter, Raymond A., Jr., *2*, *4*, *18*, *22*, *25*
Peña, Luis E. and Ruth Patrick, *49*
Rabor, D. S. and S. Dillon Ripley, *21*, *50*
Ripley, S. Dillon, *1*, *3*, *6*, *9*, *10*, *12*, *13*, *14*, *17*, *19*, *20*, *23*, *30*, *31*, *32*, *35*, *37*, *38*, *41*, *42*, *43*
Ripley, S. Dillon and Gerd H. Heinrich, *47*
Ripley, S. Dillon and D. S. Rabor, *21*, *50*
Ripley, S. Dillon and George E. Watson, 3rd, *26*
Robinson, Peter, *28*, *44*
Servos, Kurt, *27*
Waterman, Talbot H., *36*
Watson, George E., 3rd, and S. Dillon Ripley, *26*

LIST OF NEW GENERA

Comobatrachus aenigmatis, *46:* 6
Comonecturoides mirshi, *46:* 8
Modulatrix, *12:* 2
Niglarodon, *48:* 2

LIST OF NEW SPECIES

Amphora atacamana, *49:* 50
Amphora boliviana, *49:* 51
Amphora carvajaliana, *49:* 52
Anisops sylvia, *33:* 1
Dikkomys woodi, *48:* 13
Eumys eliensis, *48:* 7
Erythrura coloria, *50:* 18
Grammatostomias circularis, *40:* 1
Hadrodus marshi, *5:* 1
Megalagus dawsoni, *48:* 17
Monarcha julianae, *38:* 9
Navicula atacamana, *49:* 45
Navicula carvajaliana var. carvajaliana, *49:* 45
Navicula luisii, *49:* 48
Navicula pseudosepta, *49:* 49
Nectarinia sororia, *43:* 2
Niglarodon koerneri, *48:* 3
Paciculus montanus, *48:* 10
Ptilinopus arcanus, *21:* 1
Serinus mindanensis, *50:* 13

LIST OF NEW SUBSPECIES

Acridotheres cristatellus fumidus, *1:* 4
Aepypodius arfakianus misoliensis, *31:* 1
Ammomanes deserti insularis, *9:* 6
Anthus similis travancoriensis, *17:* 2
Arborophila torqueola interstincta, *6:* 1
Collocalia esculenta nubila, *41:* 4
Crateroscelis murina fumosa, *31:* 3
Dendrocolaptes certhia legtersi, *18:* 1
Dendrocopos darjellensis fumidus, *6:* 3
Ducula badia carolinae, *17:* 1
Dumetella glabrirostris cozumelana, *18:* 3
Eos squamata attenua, *31:* 2
Galerida cristata thomsi, *10:* 1
Garrulax sannio comis, *11:* 3
Garrulax sannio oblectans, *11:* 3
Gerygone magnirostris occasa, *31:* 3
Horeites flavolivaceous alexanderi, *6:* 6
Indicator xanthonotus fulvus, *6:* 2
Nectarinia sericea mariae, *38:* 13
Oligura castaneo-coronata ripleyi, *7:* 3
Parus major vauriei, *1:* 2
Pellorneum ruficeps vocale, *7:* 2
Pericrocotus flammeus gonzalesi, *50:* 8
Phrygilus unicolor ultimus, *3:* 10
Phylloscopus fuscatus mariae, *6:* 5
Piranga roseo-gularis tincta, *4:* 1
Platyrinchus mystaceus timothei, *18:* 2
Prinia gracilis anguste, *9:* 10
Psalidoprocne albiceps suffusa, *43:* 1
Pycnonotus leucotis dactylus, *9:* 8
Pyrrhula leucogenys coriaria, *50:* 17
Spelaeornis chocolatinus chocolatinus, *20:* 4
Spelaeornis chocolatinus nagaensis, *6:* 4
Stachyris nigriceps coei, *14:* 2
Sturnus contra sordidus, *1:* 3
Turnix nana insolata, *47:* 2
Xanthotis chrysotis austera, *31:* 4

LIST OF MAPS AND ILLUSTRATIONS

MAPS

Collecting localities of Gerd Heinrich in North Angola 1957-58, *47:* 2
Geographical orientation of species of *Sitta*, *42:* 6
Jorullo region, Michoacán, Mexico, *25:* 12
Map of areas visited by Luis Peña, *49:* 7
Mindanao Island, *50:* 7

ILLUSTRATIONS

Alopias vulpinus from Long Island Sound, *24:* 3, fig. 1
A portion of the *malpais* seen from Jorullo, *25:* 11, fig. 2
Comobatrachus aenigmatis, *46:* 15, 17, pl. 1, figs. 2, 4, 6, pl. 2, fig. 2
Comonecturoides marshi, *46:* 17, pl. 2, figs. 3, 4
Comparative series of urodele femora, *46:* 19, pl. 3, figs. 1-9
Diatoms from the alimentary tract of *Phoenicoparrus jamesi* (Sclater), *49:* 57, pl. 1, figs. 1-12
Eobatrachus agilis Marsh, *46:* 15, 17, pl. 1, figs. 1, 3, 5, pl. 2, fig. 1
Head of *Fulica cornuta*, *30:* 5
Horned Coot contrasted with *Larus serranus*, *30:* 3
Horseshoe crabs (Xiphosura), *36:* 13, 15, 17, pls. I, II, III, figs. 1-11
Inacaliri marshes and tolar region, *49:* 9
Jorullo from the plain at La Puerta, *25:* 11, fig. 1
Laguna Colorada in Bolivia, *49:* 11
Male "parina chica," *Phoenicoparrus jamesi* (Sclater), *49:* 27
Notharctus gracilis (Marsh), *28:* 25, 27, pl. 1, figs. 1, 2, 4-8, pl. II, figs. 2, 3, 6
Notharctus robustior Leidy, *28:* 27, pl. II, figs. 1, 4-5
Notharctus tenebrosus? 28: 25, pl. 1, fig. 3
Notharctus tenebrosus Leidy, *28:* 25, 27, pl. I, figs. 9-10, pl. II, fig. 7
Phoenicoparrus jamesi (Sclater), *49:* 5
Señor Peña at Laguna Verde, *30:* 3

Serinus mindanensis and *Erythrura coloria*, *50:* 5
Sinopa cf. *vulpecula* Matthew, *44:* 2
Toconce and Paniri volcanoes, *49:* 16
Traversay drawing of *Makaira nigricans*, *39:* 2, fig. 1
Unidentified anuran, YPM 1394, *46:* 17, pl. 2, figs. 5, 6
Unknown reptile, YPM 1568, *46:* 15, pl. 1, figs. 7, 8
